Workshop on the Green Stormwater Infrastructure Handbook Details Stormwater Curb Extensions, Stormwater Planters and Stormwater Tree Well Filters

Tuesday, April 24, 2018
9:00 A.M. to 3:30 P.M.

Location: Quinlan Community Center - Cupertino Room
10185 N. Stelling Rd., Cupertino

WHO SHOULD ATTEND: Permittee staff who design, construct, inspect and/or manage projects or review plans for their agency's stormwater or building departments or for other public infrastructure or construction programs.

WORKSHOP WILL INCLUDE: Review of the details in Part 2 of the draft Green Stormwater Infrastructure (GSI) Handbook for bioretention systems with interactive breakout sessions. In this 2nd of 2 workshops the details, edge conditions and constraints for the following GSI Measures will be covered in two separate modules (Morning and Afternoon Sessions):

1. Stormwater Curb Extensions and Stormwater Planters
2. Stormwater Tree Well Filters

The first workshop on April 10th focuses on pervious pavement, infiltration trenches and utility details/coordination issues described in the Handbook.

There will be no charge for the workshop.
