

IND/IDDE STORMWATER TRAINING
Industrial and Commercial Stormwater Inspections
May 26, 2016

What Did You Think of the Following Presentations and Activities?

1. Reissued MRP – *Kristin Kerr, SCVURPPP Program Staff*

very helpful 14 somewhat helpful 8 not helpful

Comments

- Very brief, too fast
- Too short/fast
- Useful links to online resources
- Get excited for program/permit updates
- Nice to know what the new MRP requires
- Recording breaking brevity
- Appreciate how new and changes are highlighted
- Should have gone into a little more detail

2. State Industrial General Permit – *Devender Narala, SF Bay Regional Water Quality Control Board*

very helpful 5 somewhat helpful 14 not helpful 3

Comments

- Nice to put a face to the name, but not useful information given
- Would have liked to have heard more about NEC & NONA processes, how to handle instances when General Industrial Stormwater Permit allows discharges and local ordinance does not
- Nice to have a face to put to the Water Board name
- Pass out the regulation binders. Assumed that all the jurisdictions had them, that is not the case
- Good introduction and contact to have on hand
- Good handouts
- Possibly show slide on preference pages in permit
- Perfect level of detail and good “fish bowl” examples

3. Illicit Discharge Inspection Basics – *Nick Ajluni, San Jose*

very helpful 19 somewhat helpful 3 not helpful

Comments

- Step by step process was very helpful
- Great prepared slides and content
- Lots of useful pictures & examples

- Good presentation
- Very well done
- Great Speaker
- Too long
- Great insight on San Jose's procedures

4. Inspection Scenarios Group Exercise

very helpful 19 somewhat helpful 3 not helpful

Comments

- Interesting and helps to put in context
- Awesome to hear other agency strategies! Gained good ideas for future problem children
- Laura Markel did a great job
- Always my favorite part
- Other interesting insights
- Interesting
- All examples were useful. The follow up case studies were very interesting
- Helpful to see enforcement in action in different agencies, liked most of the photos of different cases
- Great to discuss actions with other interests

5. Did this training meet your expectations? 21 Yes 1 No

- No reference to source ID/reductions and no mention of priority pollutants
- Very informative Training Course

6. Which topics/activities were most beneficial?

- Inspection basics and examples
- Case Inspection Scenarios
- Case Scenarios
- I like the one year follow up
- Case Studies
- IDDE inspection basics
- Enforcement options
- Illicit Discharge and introduction
- State's presentation
- Case studies
- The scenarios were very beneficial
- Case scenarios
- Going over permit information – interpretations
- All
- Illicit discharge was very detailed and informative

7. Which topics/activities were least beneficial?

- State Industrial General Permit (2)
- Need more from State Water Board
- The first presentation was way too fast and not enough detail

- All
- The food establishment scenarios
- None were not beneficial
- Group exercises
- Group work was unnecessary

8. What topics would you recommend for future training?

- Possible impromptu, crazy incidents/case agencies have encountered
- Analyze IND and/or IDDE data since 2009 and identify any trends
- Case studies
- Success stories of pollutant reduction or elimination
- Continue with case studies
- C3
- Enforcement options
- Continue to involve Water Board Staff
- Practical situations enforcement option
- Depth of investigation at different agencies, frequency of calls/cases

9. Did you prefer registering on-line this year rather than emailing registration forms as in past years?: 18 Yes 1 No

Please provide any additional feedback on the on-line registration process

- My registration would not work from my computer; I had to email anyway but didn't get confirmation
- easy
- Google forms may be a cheaper option
- Easier
- The website was a little buggy, but on-line registration was good
- Simple and straight forward online registration
- It should be made clear that people don't need to create an account to complete workshop registration

General Comments

- Trash is a big issue/i.e. maintenance
- Thanks for all you do to organize and present this annual training. It's greatly appreciated!
- Great training – hot room!
- Keep up the good work. Thanks for putting this together!
- Good length
- Overall good training seminar
- New to Stormwater Inspecting. Always a good training and very useful information
- Good salad
