

## RURAL ROADS MAINTENANCE TRAINING WORKSHOP

June 24, 2019

---

### 1. Classroom Session – Kathy Moley & Tara Zurowese, *Pacific Watershed Associates*

Very helpful 3                      Somewhat helpful 2                      Not helpful

#### Comments

- Would like to have seen more images of before and after repairs.
- Lots of background information, not sure if needed for this particular class.
- Excellent speakers with very helpful information!
- Very knowledgeable and presented well. Appreciated all the visuals in the presentation.
- Great examples of good and bad BMP's.

### 2. Field Session – Kathy Moley & Tara Zurowese, *Pacific Watershed Associates*

Very helpful 6                      Somewhat helpful 0                      Not helpful 0

#### Comments

- Enjoyed the hands-on field activity very much!
- Nice to have outdated methods and explanations why they are no longer used.
- Helpful to get to see BMPs onsite.
- Field exercise an upgrade over prior year.

### 3. Did this training meet your expectations?

Yes 6                      No 0

### 4. What topics would you recommend for future training?

- Full day of field BMP activities.
- Vegetative BMPs.

### 5. General Comments

- Good training. Not exactly what I expected for “road maintenance and construction”. More general BMPs.
- A very fun and informative workshop. Thank you! Kathy and Tara were awesome.
