

RURAL ROADS MAINTENANCE TRAINING WORKSHOP

June 25, 2019

1. Classroom Session – Kathy Moley & Tara Zurowese, *Pacific Watershed Associates*

Very helpful 12 Somewhat helpful 1 Not helpful

Comments

- Very good job.
- Very well done.
- Kathy and Tara were excellent. They are extremely informative and understand the subject matter.
- Good review and materials.
- Very efficient presentation. Good visuals.
- Like the local pictures and examples.
- Needed refresher.
- PWA speakers outstanding.

2. Field Session – Kathy Moley & Tara Zurowese, *Pacific Watershed Associates*

Very helpful 10 Somewhat helpful 2 Not helpful 1

Comments

- Good demonstration of techniques.
- Conduct field session first, to generate classroom Q&A.
- Do field session first to begin discussions.
- Exercises and discussion were good.
- Realistic review. Good hands-on exercise.
- Very good job. Thank you for all the good information.

3. Did this training meet your expectations?

Yes 13 No

4. What topics would you recommend for future training?

- Perform the field session first.
- Lunch (3)
- More videos.
- Good stuff but I have been to many of these before.
- SWPPP design considerations.

- More heavy equipment operator techniques and expectations. How to grade and repair trails.
- More photos showing the “BIG” picture after showing spot view.
- Roadway → SDI BMP slides and visual pictures. Rural → SDI drainage structures. (The way they are supposed to work.)
- Dealing with nesting birds on construction site.

7. General Comments

- Best SCVURPPP training yet! Bring PWA back.
- Well done!
- Good job!
- Good information for agencies.
