AGENDA

MANAGEMENT COMMITTEE MEETING

June 16, 2022, 9:30am – 11:00pm

Conference Call/Zoom Meeting Only¹

- 9:30** **I. Management Committee Meeting Call to Order/Introductions**
- II. Additions or Revisions to Agenda; Announcements**
- III. Approval of Minutes (May 19, 2022 meeting)**
- IV. Review of Action Items from Last Meeting**
- 9:40** **V. Time Open for Public Comment on Any Subject Not on Agenda (2 minutes)**
- VI. Regional Water Board Staff Comments**
- VII. Program Business**
- 9:45** **A. Program Management**
- No items.
- B. Program Budget**
1. Status of memorandum to the Budget AHTG describing the adjustments needed to FY 22-23 Program Budget and Work Plan to address requirements in the MRP 3.0 Final Order – *information.*
- 10:00** **C. Program Manager's Report**
1. BAMS Collaborative Update – *information.*
2. CASQA Update – *information.*
3. Grants Update – *information.*
4. MRP 3.0 Next Steps – *update.*

¹ *Due to the current public health order, the Management Committee meeting is being conducted via conference call and Zoom. Please contact Program staff via email at jcbicknell@eoainc.com if you would like to attend the meeting and we will provide the information.

VIII. MRP Implementation

10:30 A. New Development and Redevelopment

1. Priority Items Identified by Program Staff
 - a. Green Stormwater Infrastructure Work Plan Tasks - *status report*
2. Management Committee Requested Items

10:35 B. Trash Controls

1. Priority Items Identified by Program Staff
 - a. Long-term Trash Load Reduction Guidance – *status report*
2. Management Committee Requested Items

10:40 C. Monitoring / Pollutants of Concern

1. Priority Items Identified by Program Staff
2. Management Committee Requested Items

10:45 D. Outreach Activities

1. Priority Items Identified by Program Staff
2. Management Committee Requested Items

10:50 E. Other Permit-Related Activities

1. Priority Items Identified by Program Staff – *none*
2. Management Committee Requested Items
 - a. Program Information Management Systems – *status report*

10:55 IX. Other Business

1. External Meeting Summaries – *questions on materials provided prior to the meeting*
2. Miscellaneous – *information from MC members*
3. AHTG Status Table – *updates requested*

11:00 XI. Adjourn

**MANAGEMENT COMMITTEE MEETING
MINUTES**

May 19, 2022

Campbell • Cupertino • Los Altos • Los Altos Hills • Los Gatos • Milpitas • Monte Sereno • Mountain View • Palo Alto
San Jose • Santa Clara • Saratoga • Sunnyvale • Santa Clara County • Valley Water

I. MANAGEMENT COMMITTEE CALL TO ORDER / INTRODUCTIONS

John Bourgeois (Chair, Valley Water) called the meeting to order at 9:35 a.m. Management Committee (MC) members introduced themselves.

II. ADDITIONS OR REVISIONS TO THE AGENDA; ANNOUNCEMENTS

Chris Sommers (Program staff) requested that Item VII.C.4, Next Steps on MRP 3.0, be added to the agenda. There were no other revisions to the agenda. The following announcements were made:

- The City of Sunnyvale is recruiting for an Environmental Programs Manager position that includes management of stormwater and climate change/sustainability programs. The job posting closes on June 14, 2022.
- Jeff Sinclair (San Jose) has resigned from the City of San Jose and has accepted a position with Brown and Caldwell.
- The County has received a special one-time fund from the State for litter abatement. The County will spend the funds utilizing two new contracts. One contract will be with the San Jose Conservation Corps (SJCC) to conduct litter abatement work throughout Santa Clara County. The second contract will be between the County Roads Department and the City of San Jose for homeless encampment abatements along County-owned rights of way within the City of San Jose. The work will be ongoing for two years once executed. Both contracts are going to the Board of Supervisors for approval on June 28.

III. APPROVAL OF MINUTES

Motion: Carrie Sandahl (Mountain View) moved to approve the minutes from the April 21, 2022 MC meeting. **Second:** Ursula Syrova (Cupertino). **Vote:** Motion passed unanimously.

IV. REVIEW OF ACTION ITEMS FROM LAST MEETING

Action Items from the April 21, 2022 meeting:

None.

Action Items from previous meetings:

- Action Item 3-22-1 (Provide information on the Clean Water State Revolving Fund) is in complete. Information was sent to the MC on April 22, 2022.
- Action Item 3-22-2 (Distribute the final San Francisco Estuary Blueprint 2022 to the MC) is in progress and will be completed when the final Blueprint becomes available. The draft Blueprint is posted on the SF Estuary Program [website](#).
- Action Item 2-22-1 (Set up a meeting to discuss the Clean Water Infrastructure Survey) is in progress. The National Municipal Stormwater Alliance (NMSA) organized a webinar to provide information on the Survey. The write-up by Program

- staff on the Clean Water State Revolving Fund included information on the Survey as well as slides from the webinar. Program staff will also coordinate with CASQA to organize a webinar for SCVURPPP, if needed.
- Action Item 2-22-3 (Set up a meeting with MC members to discuss information management needs) is in progress. Program staff will send a poll to schedule a meeting.
 - Action Item 7-21-2 (Review the final CASQA Development BMP Handbook and provide a recommendation as to whether SCVURPPP should purchase a subscription) is in progress. Program staff is reviewing the Handbook and will provide an update to the MC.

V. TIME OPEN FOR PUBLIC COMMENT ON ANY SUBJECT NOT ON AGENDA

No comments were made.

VI. WATER BOARD STAFF COMMENTS

Water Board (WB) staff did not attend the meeting.

VII. PROGRAM BUSINESS

A. Program Management/Action Items

1. Final FY 2021-22 Annual Report Guidance

Jill Bicknell (Program staff) informed the MC that the final FY 2021-22 Annual Report Guidance memorandum was sent out on May 17. She provided an overview of the schedule for submitting draft and final Co-permittee Annual Reports and other deliverables. She added that WB staff has approved the draft FY 2021-22 Annual Report forms with minor edits to Provision C.9 and C.10, and that Program staff has updated the forms to include the edits. The Guidance memo and the final Annual Report forms are posted on the SCVURPPP members-only site. Melody Tovar (Sunnyvale) recommended also posting these materials on the Share Drive.

B. PROGRAM BUDGET

1. FY 20-21 Financial Statement Audit and Representation Letter

Chris reported that the FY 2020-21 external Program Financial Statement Audit conducted by Maze and Associates was sent to the MC on May 13, 2022. The audit did not identify any issues. A Program Representation Letter that is signed by the SCVURPPP MC Chair on behalf of the MC was also sent to them. He asked the MC to affirm the MC Chair's signing of the letter and forwarding of the signed letter to the Program's Fiscal Agent.

Motion: Rajani Nair (San Jose) moved to affirm the MC Chair's signing of the Program Representation letter and forwarding of the signed letter to the Program's Fiscal Agent. **Second:** Sheila Tucker (WVCWA). **Vote.** Motion passed unanimously.

C. PROGRAM MANAGER'S REPORT

1. BAMS Collaborative Update

Chris Sommers (Program staff) provided an update on the BAMS Collaborative Steering Committee meeting held on April 28. He reported that most of the meeting was focused on discussions related to MRP 3.0. He mentioned that one of the most important issues coming up for the Collaborative is identifying the potential regional projects and their priority and how the stormwater programs could work together to complete them. For example, the Collaborative needs to look at upcoming grant funding opportunities, what projects would be best suited for grant funding, and who would be the lead agency. Pam Boyle Rodriguez (Palo Alto) suggested that Program staff put together a list of potential regional projects and opportunities for funding, as well as a list of the new work groups that will be formed for MRP 3.0 and consider an approach for SCVURPPP involvement. Program staff noted that this was in progress to prepare for the BAMS Collaborative discussions.

Action: Program staff will develop a list of potential regional projects and opportunities for funding, and a list of the new work groups that will be formed for MRP 3.0, with recommendations for SCVURPPP and Program staff participation.

2. CASQA Update

Rinta Perkins (Santa Clara) and Chris provided the following updates:

- Registration is open for the Annual CASQA conference which will be held on October 24-26, 2022. Co-permittee staff should contact Jill to be added to the SCVURPPP membership list and get the member rate.
- CASQA is conducting a Strategic Planning process and a survey was sent out to all members to obtain feedback. Chris encouraged everyone to complete the survey.

3. Grants Update

The Department of Water Resources has released the final guidelines and proposal solicitation package for the Round 2 of grants from the Integrated Regional Water Management (IRWM) Implementation Grant Program. Program staff will follow-up to find out the process for submitting projects from the South Bay region.

Action: Program staff will find out the process for submitting projects from the South Bay region for the DWR IRWM grant and report back to the MC.

4. Next Steps for MRP 3.0

Chris and Jill provided a brief overview of the MRP 3.0 adoption hearing on May 11 and discussed actions that Program staff were taking to assist Co-permittees with outreach and planning for implementation. Jill described the MRP 3.0 overview presentation that Program staff had developed for Co-permittees to brief municipal officials and MC members provided initial comments. Additional comments were requested by May 27. Rajani Nair (San Jose) requested another version of the presentation that was very high level with more pictures and graphics. Melody requested that Co-permittees share any modified presentations that they develop. The MC also discussed the need for an information memo summarizing MRP 3.0 requirements that could be used as part of a staff report to councils/boards or other internal outreach.

For implementation planning, Chris described the table that Program staff are creating to list MRP 3.0-required actions, deliverables, and due dates over the permit term, similar to the table developed for MRP 2.0. The MC agreed that this would be helpful and discussed different formatting options. Chris also mentioned that he was starting to develop a memo with recommended changes to the FY 22-23 Program Budget and Work Plan to address the final MRP 3.0 requirements. He expected that the changes would be minor and would not affect the overall approved budget.

Action: Program staff will develop a second, higher level, version of the MRP 3.0 Overview Presentation for Municipal Officials.

Action: Program staff will develop an information memo on final MRP 3.0 requirements for municipal staff and elected officials.

Action: Program staff will complete a table of MRP 3.0-required actions, deliverables and due dates by provision, in Excel, for Co-permittee use in implementation planning.

Action: Program staff will prepare a memo with recommended changes to the FY 22-23 Program Budget and Work Plan to address the final MRP 3.0 requirements.

VIII. MRP IMPLEMENTATION

A. NEW DEVELOPMENT AND REDEVELOPMENT

No updates.

B. TRASH CONTROLS

Chris reported that Program staff are starting to develop a plan for trash outfall monitoring and will share that plan with the Trash and Monitoring AHTGs.

C. MONITORING AND POLLUTANTS OF CONCERN

No updates.

D. OUTREACH ACTIVITIES

Jill reported that Program staff received 89 submissions for the SCVURPPP Earth Day Poster Contest. The final selection is in process and the winners will be announced on May 20, 2022. She also announced that a work group of MC members and WEO AHTG members was being formed to oversee the RFP process for an outreach consultant. The RFP development will take place from now through July and the RFP will be sent out in August, with the goal of selection and MC approval by November. An email will be sent to the MC requesting interest in work group participation.

E. OTHER PERMIT-RELATED ACTIVITIES

No items.

IX. OTHER BUSINESS

No items.

X. CLOSED SESSION

The Management Committee met in closed session with Program Legal Counsel to discuss and receive legal advice concerning the renewal of the NPDES stormwater permit covering all 15 Program members and associated pending or anticipated litigation.

XI. ADJOURN

The MC meeting adjourned at 1:00 p.m.

TO: Management Committee

FROM: Program Staff

DATE: June 13, 2022

SUBJECT: Management Committee Briefing on Priority Items

Program Management

- NPDES Permit Reissuance – After three years of meetings and negotiations, the Water Board adopted the MRP 3.0 Revised Tentative Order, Errata #1 and #2, and Supplemental on May 11, 2022. The Final Order has been posted [here](#). At the request of the MC, Program staff completed a draft MRP 3.0 5-Year Work Plan table by provision, identifying key sub-provisions, changes from MRP 2.0, implementation lead, implementation/due dates, and reporting dates. The table is posted in this folder on the share drive: [Final Order \(June 2022\)](#).
- Potential FY 2022-23 Program Budget and Work Plan Adjustments – Program staff are evaluating the FY 2022-23 Program Budget and Work Plan in the context of the MRP 3.0 Final Order and will be preparing a memorandum with recommended minor adjustments. Program staff do not anticipate recommending any changes to the overall budget amount. The memorandum will be sent to the Budget AHTG, with cc: to the MC. A Budget AHTG meeting may be held in early July if needed.
- Information Management Needs Evaluation – On May 25th Co-permittee and Program staff met to begin discussing the scope of a task included in the Program’s FY 2022-23 Work Plan – Information Management Needs Evaluation. The group discussed ideas and topics that they would like to include in the evaluation. Program staff agreed to produce a meeting summary that includes the initial ideas/topics/interests expressed by Co-permittee staff and to schedule a follow-up meeting to further discuss the scope and timing of the evaluation. The meeting will occur in July or August 2022.
- AHTG Sharefolder – Program staff have created a share folder for all SCVURPPP AHTGs. The folder is accessible by all MC and AHTG members and contains materials/documents associated with each AHTG. The AHTG Status Table is also posted here for updates. You can access the share folder by clicking [here](#).

Note: * indicates that Program staff has identified this item for discussion and/or consideration for approval at the Management Committee meeting.

New Development and Redevelopment

- GSI Vegetation Guide – Program staff have completed the final draft of a guidance document for SCVURPPP agencies focusing on GSI vegetation identification, characteristics, care, inspection and maintenance. A work group of Co-permittee and Program staff is meeting on June 21st to review the final draft of the Vegetation Guide and provide input.
- Stormwater Treatment Measure (STM) Data Portal - Program staff has updated the Data Portal with FY 20-21 project data received to date. Program staff is continuing to work individually with Co-permittees to resolve remaining data inconsistencies, add voluntary GSI projects and update new projects. Program staff strongly recommend Permittees submit the Stormwater Management Plan, typically a one-page construction plan sheet that shows the project boundary, DMAs, STM locations and DMA summary table, with each project. This plan sheet can be attached to the project record and provides details needed for Program staff to efficiently update records.
- LID Bioretention as Trash Full Capture –The long-term trash planning work being conducted through the Trash AHTG includes identifying GSI projects in the Data Portal that may be considered trash full capture systems. Program staff are providing support for this effort as needed, through analysis of Data Portal project data. Permittees were given kmz files and Excel tables with the evaluation of GSI projects that may be considered trash full capture equivalent.
- C.3 Stormwater Handbook Update – Program staff are continuing work on updates to this Handbook to include anticipated MRP 3.0 requirements and other needed changes. A work group of the C3PO AHTG has been formed to review the changes and a meeting will be scheduled soon.
- Annual C.3 Workshop – The Annual C.3 Workshop was held on June 9 via Zoom. The workshop included presentations on new C.3 requirements in MRP 3.0, requirements for road projects, Special Projects, and alternative compliance programs. A total of 197 municipal staff and consultants attended the workshop. Based on evaluations received so far, attendees found the workshop to be very informative. The workshop presentations are posted at this [link](#).

Industrial/Commercial Business Inspection

- IND/IDDE Workshop – There was an Industrial/Commercial/Illicit Discharge stormwater inspector workshop on May 26 via Zoom. Approximately 52 municipal staff attended the workshop. The agenda included four illicit discharge case studies (including discharges at businesses), what to expect in the reissued MRP for Provisions C.4/C.5 and how preventing stormwater pollution from business sites and illicit discharges protects Santa Clara County creeks and the Bay. Program staff would like to thank the municipal inspectors that provided the informative case studies, including Mary Simonis and Alex Pinon (San Jose); Carrie Sandahl, Brian Jones and Jose Gomes (Mountain View); and Rafles Warnars (WVCWA). Program staff will email the AHTG when the workshop materials (agenda, attendance list, presentations and evaluation summary) are available on the SCVURPPP website.
- IND/IDDE AHTG – An AHTG meeting will be scheduled for late June/July to discuss the adopted MRP 3.0.

Municipal Maintenance

- Rural Roads BMPs Workshop – An in-person Rural Roads BMPs workshop was held at the Cypress Pavilion at Lake Cunningham Park in San Jose on May 11 and 12. The same 1.5-hour training was offered at three different times. A total of approximately 144 participants attended the three sessions. The agenda, attendance list and evaluation summaries for the three field sessions are posted on the SCVURPPP website.
- Municipal Maintenance AHTG – A meeting will be scheduled in late summer to discuss the adopted MRP 3.0.

Construction Controls

- Construction AHTG – A meeting will be scheduled in early fall to discuss the adopted MRP 3.0 and the next inspector workshop.

Water Utility

- Water Utility AHTG – There are no meetings scheduled.

Watershed Education and Outreach

- Earth Day Poster Contest – Program staff worked with Co-permittee staff to review the submissions and select winners. The winning entries are posted at this [link](#). Certificates and checks were sent to all winners. Program staff also provided certificate templates to Co-permittee staff for sending to local winners.
- Outreach Events – A Watershed Watch half-off car wash event was held on May 24. It was well attended. Program staff and staff from WVCWA staffed the event. Two more half-off car wash events will be held on June 6 and June 29.

Pesticide Control

- OWOW Store Trainings – Program staff conducted employee trainings at Home Depot Sunnyvale and Home Depot San Jose (on DeAnza Blvd). A total of 16 employees were trained at these stores. Trainings will be held at Yamagami's Nursery (Cupertino) and ACE Hardware (Saratoga) in June.

Watershed Management Initiative

- Land Use Subgroup (LUS) -- Program staff and LUS members are continuing to collaborate with the Steering Committee of the Peninsula-South Bay Watershed Forum (PSBWF) and other watershed partners on an approach to revitalize the WMI with focused working groups, including LUS, ZLI, WEO AHTG, and a new Watershed Health and Habitat group. The next meeting of the Subgroup is scheduled for June 15.
- Zero Litter Initiative (ZLI) – The ZLI Steering Committee meets approximately monthly via Zoom. The chair of the Steering Committee is Ann Calnan from VTA. At the most recent meeting on June 3, Caltrans staff gave presentations on the Adopt-A-Highway program and the Clean California program and activities/opportunities related to those two programs in Santa Clara County. The ZLI discussed ways to coordinate with Caltrans on those programs. At the next Steering Committee meeting, scheduled for July 1, the group will discuss franchise agreements and continue to prepare topics for FY 2022-23.

Trash Controls

- On-land Visual Trash Assessments (OVTAs) – Program staff have continued to conduct OVTAs during FY 2021-22. Over 950 assessments have been conducted this FY. Program staff are roughly 90% complete with OVTAs for FY 2021-22 and plan to complete all OVTAs by June 30, 2022.
- Long-term Trash Reduction Guidance – The final work plan for Program-led tasks during FY 2021-22 was completed in January 2022. Meetings with Co-permittee staff were conducted in January through May to discuss the results of the tasks and next steps. Program staff have moved forward with all tasks in the Work Plan. An update on the status of all tasks and next steps was provided at the Trash AHTG meeting on May 17th. All Work Plan tasks will be completed by August 2022.
- Trash AHTG Meetings – The Trash AHTG typically meets on the 3rd Tuesday of the month. The last meeting was on May 17th. The next AHTG meeting is scheduled for July 19th.

Monitoring / Pollutants of Concern

- Creek Status Monitoring – Creek Status Monitoring for Water Year (WY) 2022 is nearly complete. WY 2022 is the final year of creek status monitoring, as monitoring under 3.0 is changing focus to Low Impact Development (LID), Receiving Water Limitations (RWL), and trash monitoring. During the remainder of 2022, Program staff will receive data from laboratories, enter all data into CEDEN comparable formats, conduct data quality assurance and validation procedures, and begin interpretation of the data. The WY 2022 Urban Creek Monitoring Report (UCMR) is due to the Water Board by March 30, 2023.
- Stressor-Source Identification (SSID) Projects
 - In September 2019, Program staff submitted a report to the Water Board on the SSID project conducted in Coyote Creek. Program staff received comments from Water Board staff on the draft report on January 3rd, 2021. A revised final report was submitted to the Water Board with the UCMR on March 31st. Based on the comments from Water Board staff, it is assumed that this SSID project is now complete.
 - The Program recently completed an SSID project in Lower Silver/Thompson Creek, in compliance with Provision C.8. The final SSID report was submitted to the Water Board with the UCMR on March 31st. Water Board staff have provided no comments on the draft report to date.
- POCs Monitoring – WY 2023 POCs monitoring will begin in October 2022. Sites have been selected based on data needs associated with characterizing old industrial areas. Program staff is coordinating with Co-permittees as needed on site locations and monitoring.
- PCB/Hg Source Identification Studies – Program staff continue to follow the Work Plan for conducting Source Property investigation activities. The status of these activities was discussed at the POC/RAA AHTG meeting on March 21st. Program staff have held meetings and are currently scheduling follow-up meetings with specific Co-permittees to discuss ongoing source property investigations and potential referrals to the Water Board.
- Tracking POC Control Measure Implementation – The Program’s Stormwater Treatment Measures Data Portal is available to the public at <https://scvurppp.org/gsi/>. The current structure of the database is in Phase I. Phase 2 is planned to be completed late in FY 2022-23. Additional functionality will be added to the database as well during future phases to align with MRP 3.0 Asset Management requirements.
- Management of PCBs during Building Demolition – With assistance from Program staff, Co-permittees are using the information, tools and guidance provided via the BASMAA regional project to implement a PCBs in Building Demolition Management Program. Co-permittees should continue to implement the established PCBs in demolition program in FY 2021-22, consistent with guidance provided by Program staff.
- SF Bay Regional Monitoring Program (RMP) – Program staff serves as stormwater representatives on the RMP’s Steering Committee (SC) and Technical Review Committee (TRC). Program staff participates to ensure, to the extent possible, that information needs and priority projects for the RMP align with monitoring needs and requirements identified in the regional stormwater permit. The TRC met in March and the Steering Committee met in April.
- Monitoring & Pollutants of Concern AHTG Meetings
 - The POC AHTG met on March 21st to discuss ongoing POC-related control program implementation and planning for implementation under MRP 3.0. The next meeting will occur in late summer 2022 (exact date TBD).
 - The Monitoring AHTG met on March 24th to discuss the draft UCMR and planning for monitoring under MRP 3.0. The next meeting will occur in late summer 2022 (exact date TBD).

Highlights of Bay Area Municipal Stormwater (BAMS) Collaborative Steering Committee, Subcommittee and Work Group Meetings May - June 2022

Steering Committee – May 26, 2022

Co-Chairs – Reid Bogert (SMCWPPP) and Colleen Hart (Sonoma County)
SCVURPPP representatives – Jill Bicknell and Chris Sommers (Program staff)

Internal Meeting:

- Attendees debriefed on the MRP 3.0 adoption hearing and discussed ways to continue communications with Water Board members. The Committee also discussed potential collaboration on MRP 3.0 planning and regional work groups/products.
- Attendees also discussed potential regional projects to satisfy the newly adopted requirements in MRP 3.0. The group agreed to discuss and agree on the list of projects at the next Steering Committee meeting.

Main Meeting:

- Potential Grants for Trash Monitoring and Climate Assessment for Asset Management – Participants further discussed the potential opportunities for EPA grant applications to support MRP 3.0 implementation. Chris Sommers reported that he briefly discussed a potential grant-funded project with SFEI staff to conduct trash receiving water monitoring. The Steering Committee expressed support for this partnership. The group also discussed the MRP 3.0 required Climate Assessment for Asset Management evaluation as another potential project, but agreed that this project was less of a priority since it is not due until 2026. The group agreed to continue monitoring the release of the Request for Applications (RFA) for the EPA Water Quality Improvement Fund and to discuss further once the RFP was released. Luisa Valiela (EPA) mentioned that the RFA was now planned for release in mid-June
- Regional Water Board (WB) Update (Keith Lichten)
 - The new Executive Officer, Eileen White, starts on July 11.
 - WB staff are currently working on the MRP 3.0 Final Order and plan to post it soon.
 - Adoption Hearing Debrief – Committee members expressed concern that there was limited opportunity for Permittee engagement and a rushed adoption. In addition, the meeting webcast was very poor quality and the Committee asked if the Zoom version could be posted for viewing. Keith said that WB staff were also surprised by the rushed adoption and thought the decision would be continued to June. The plan to form work groups and check in with WB members in August 2023 was a way to allow more discussion. The WB member-requested work groups include:
 - “Innovative biotreatment” (can combine with the alternative treatment and tree work groups mentioned in MRP 3.0 and address in Development Subcommittee meetings)
 - Affordable housing criteria for Special Projects (WB staff will take lead and include Permittees as well as housing organizations, SPUR, MTC/ABAG, and others)
 - Challenges and potential modified expectations for road maintenance in disadvantaged communities (Development Subcommittee?)

- C.8 monitoring costs and logistics (address in MPC Subcommittee meetings)
- Permit amendment – Keith mentioned that WB staff are planning to amend the permit at some point to add the Contra Costa Regional Alternative Compliance program and requirements for Daly City related to Lake Merced. They will consider addressing outcomes of the work group discussions as well.

Next Meeting – June 23, 2022

PIP Subcommittee – No June meeting

Chair – Suzi Senna (SGA/SMCWPPP)

SCVURPPP representative – Vishakha Atre (Program staff)

Next Meeting – July 27, 2022, 1:00 – 2:30 pm (meets quarterly)

Development Subcommittee – June meeting cancelled

Chair – Pam Boyle Rodriguez (Palo Alto);
