This document was prepared for the Santa Clara Valley Urban Runoff Pollution Prevention Program (Program) under the guidance of the Program Management Committee and the C.3. Provision Oversight (C3PO) Ad Hoc Task Group. We appreciate the comments, suggestions, and guidance provided by the participating Task Group members and other reviewers.

A list of Program Management Committee members is provided on the following page.

EOA, Inc., as the Program management consultant, coordinated, compiled, and updated the information and was responsible for the overall preparation of this document. The Program recognizes and thanks the following consultants for their assistance: David Smith of the Interlocking Concrete Pavement Institute, for providing technical guidance and review of the pervious pavement sections of Chapters 6 and 8 and Appendix G; Geosyntec Consultants, for providing the technical analysis and report that inform Chapter 7 and Appendix E (Hydromodification Management), Appendix B (Sizing Criteria Worksheets), and Appendix I (LID Feasibility/Infeasibility Criteria); and Ed Boscacci, BKF Engineers, for providing technical guidance and details for the treatment measures and sizing calculations in Chapters 5 and 6.

The Program gratefully acknowledges the public agencies whose stormwater guidance documents provided valuable information for the 2012, 2016, and 2024 updates of this document, including the Alameda Countywide Clean Water Program's C.3 Stormwater Technical Guidance; the San Mateo Countywide Water Pollution Prevention Program's C.3 Regulated Projects Guide and Green Infrastructure Design Guide; the Contra Costa Clean Water Program's C.3 Stormwater Guidebook; the Low Impact Development Manual for Southern California; and the Portland (Oregon) Stormwater Management Manual.
